## **Prevention**

### **Stay Safe**

The Stay Safe programme is the primary resource used in this school to provide education for children on abuse prevention. The programme is taught as part of the schools' SPHE curriculum under the strand unit Safety and Protection.

On enrolment of their child parents will be informed that the Stay Safe programme is in use in the school and a copy of the Stay Safe 'A Parent's Guide' provided.

The formal lessons of the programme will be taught in their entirety every second year in accordance with the SPHE two-year cycle plan. All staff sign a log on completion of the assigned lessons for their class level. Special arrangements will be made to deliver the programme to individuals who may be vulnerable. All topics must be taught. Bullying will be supplemented with activities from [www.webwise.ie](http://www.webwise.ie) to cover internet and social network bullying. Guest speakers on internet safety will be invited every 2-3 years to speak to pupils. The PA organise guest speakers on internet safety and social media safety on a regular basis.

Staff will make every effort to ensure that the messages of the programme are reinforced whenever possible.

At Carriglea N.S we have a multi class situation and every effort will be made to cover the core objectives at each level.

The learning support teacher and Special Needs Assistants will reinforce any lessons taught in class, when the class teacher feels the pupil has not understood the objectives of the lesson. Extra lessons are available on [www.staysafe.ie](http://www.staysafe.ie) for children with special needs

New parents will be informed that Stay Safe is taught in the school and the information booklet will be distributed before the new school year begins.

### **RSE**

RSE will be taught at all levels. A member of school staff must remain in the room with visiting RSE speakers. If a parent wishes for their child to opt out of RSE parents must provide a written statement stating that they are taking responsibility for delivering this content to their child.

Parents are asked to inform the school if someone other than a parent or grandparent is collecting their child.

### **Action/Complaint against a staff member(Child protection)**

This includes all staff/personnel involved in the school including unpaid volunteers. The B.O.M. informs the employee and conducts an investigation. The employee may be put on administrative leave following an investigation.

### **Practice:**

The following areas have been considered by the staff and board of management of this school as areas of specific concern in relation to child protection. Following discussion and consultation the staff and board of management have agreed that the following practices be adopted.

#### a) Physical contact

Physical contact between school personnel and the child should always be in response to the needs of the child and not the needs of the adult.

While physical contact may be used to comfort, reassure or assist a child the following should be factors in determining it's appropriateness:-

- It is acceptable to the child
- It is open and not secretive
- The age and developmental stage of the child

School personnel should avoid doing anything of a personal nature for children that they can do for themselves.

#### b) Visitors / Guest Speakers:

Visitors/guest speakers should never be left alone with pupils. The school (principal/teachers) has a responsibility to check out the credentials of the visitor/guest speaker and to ensure that the material in use by guests is appropriate.

#### c) Children with specific toileting/intimate care needs:

In all situations where a pupil needs assistance with toileting /intimate care a meeting will be convened, after enrolment and before the child starts school, between parents/guardians, class teacher, special needs assistant, principal and if appropriate the pupil . The purpose of the meeting will be to ascertain the specific needs of the child and to determine how the school can best meet those needs. The staff to be involved in this care will be identified and provision will be made for occasions when the particular staff involved are absent. A written copy of what has been agreed will be made and kept in the child's file.

Two members of staff will be present when dealing with intimate care/toileting needs if deemed necessary. Any deviation from the agreed procedure will be recorded and notified to the DLP and the parents/guardians.

d) Toileting accidents:

A supply of clean underwear and suitable clothing kept in the school so that if a pupil has an 'accident' of this nature they will in the first instance be offered fresh clothing into which they can change.

If the pupil for whatever reason cannot clean or change themselves and the parents/guardians cannot be contacted the child will be assisted by members of staff familiar to the child as outlined in school enrolment form. In all such situations two members of staff should be present.

A record of all such incidents will be kept and principal and parents will be notified.

e) One- to One teaching

It is the policy in this school that one-to-one teaching is often in the best interest of the child. Every effort will be made to ensure that this teaching takes place in an open environment. Parents of children who are to be involved in one-to-one teaching will be informed and their agreement sought.

Work being carried out by special needs assistants will be carried out under the direction of the class teacher in an open environment.

f) Changing for Games/ PE/ Swimming / Drama

Pupils will be expected to dress and undress themselves for games/PE/ swimming /Drama. Where assistance is needed this will be done in the communal areas and with the consent of parents. Under no circumstances will members of staff/ volunteers be expected to or allowed to dress/undress a child in a cubicle/private area. In such situations where privacy is required the parent/guardian of the child will be asked to assist the child.

In relation to swimming lessons as part of P.E.curriculum a female/male member of staff will supervise the girls/boys changing rooms if available. However, if a female/ male is on staff that day we will rely on a female/ male member of the sporting facility to supervise in girls /boys changing room. All people who are involved in activities with the pupils of our school will be garda vetted.

Parents consent is sought on our school enrolment form for use of internet for educational purposes.

Parents consent is also sought to use pupils photographs on school website, school twitter and local press.

#### g) Zoom

In the event of forced school closures due to a lockdown teacher may engage in teaching via zoom. All parents will be asked to read and sign our zoom guidelines and agreement prior to engaging in any zoom activities. Security will be controlled by the teacher in charge of the zoom class. Anyone not abiding by the guidelines will be removed for the lesson. Parents may be contacted.

While every effort will be made to adhere to best practice as agreed and outlined above, in the event of an emergency where this is not possible or practicable, a full record of the incident should be made and reported to principal and parents.
